Caring for One Another

For 2013, the ChurchNet Foundation continued to implement its mission to provide critical financial assistance to clients in the Wake Forest, Youngsville, and Rolesville communities for utility costs, including electricity, water, gas, along with prescription needs. With financial assistance from partner churches, organizations and individuals, the Foundation was able to provide financial assistance to 392 clients. These interactions provided volunteers with the opportunity to offer God's unconditional love to those served. Further, it provided an opportunity to stress the importance of sound financial planning for the future.

These interactions would not have been possible without the generous support of many. First, to partner churches, we offer our special thanks. Not only do these churches contribute financially, many church members serve weekly as office volunteers. Without their key support, ChurchNet could not function. We also highly value our organizational and individual support. This group collectively provides nearly half of the financial support needed to implement our program work.

I am privileged and honored to serve as your current chairperson. As our Foundation continues to grow to meet the ever expanding needs of our community, it is my hope that you will join me in saying, "To God be the glory, great things he has done."
